

operation are unimportant. The most repeated operations, however, should be represented with the fewest bits.

REMARKS

The Applicants received a Notice of Omitted Items from the Patent and Trademark Office. When filing the present Application, counsel for the Applicants inadvertently omitted Fig. 16. To maintain the filing date of October 12, 2001, the Applicants have amended the application removing all references to Fig. 16. Paragraph 24, which describes the omitted Fig. 16, has been deleted. Paragraph 42 has been amended removing reference to Fig. 16. Paragraph 47 has been rewritten removing reference to Fig. 16 while maintaining the other information from the replaced paragraph. References to Fig. 16 have been removed from Paragraphs 48 and 49.

Respectfully submitted,

Jack H. McKinney
Attorney for Applicant
Registration No. 45,685
(208) 433-1991
